FFY26 Project Delivery Program Review

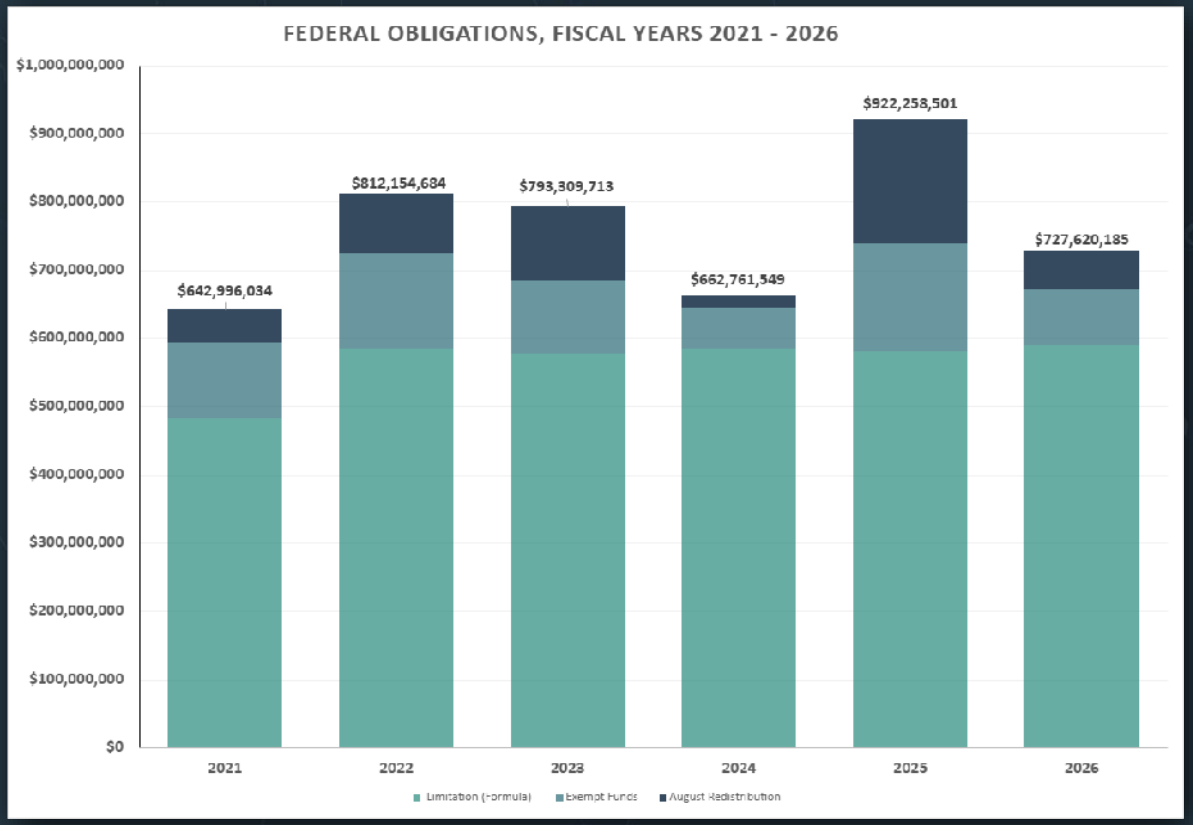
Obligations and Grants – Highways

FHWA Funds Obligated in FFY 2026: $727,620,185

An additional $149.5 million of FHWA funds were transferred to support transportation infrastructure and services in Alaska.



Our team successfully obligated 100% of available formula funds - plus an additional $56.5 million through August redistribution.

Our performance reflects excellent collaboration with FHWA Alaska Division and project readiness across all regions.

FFY26 Project Delivery Program Review

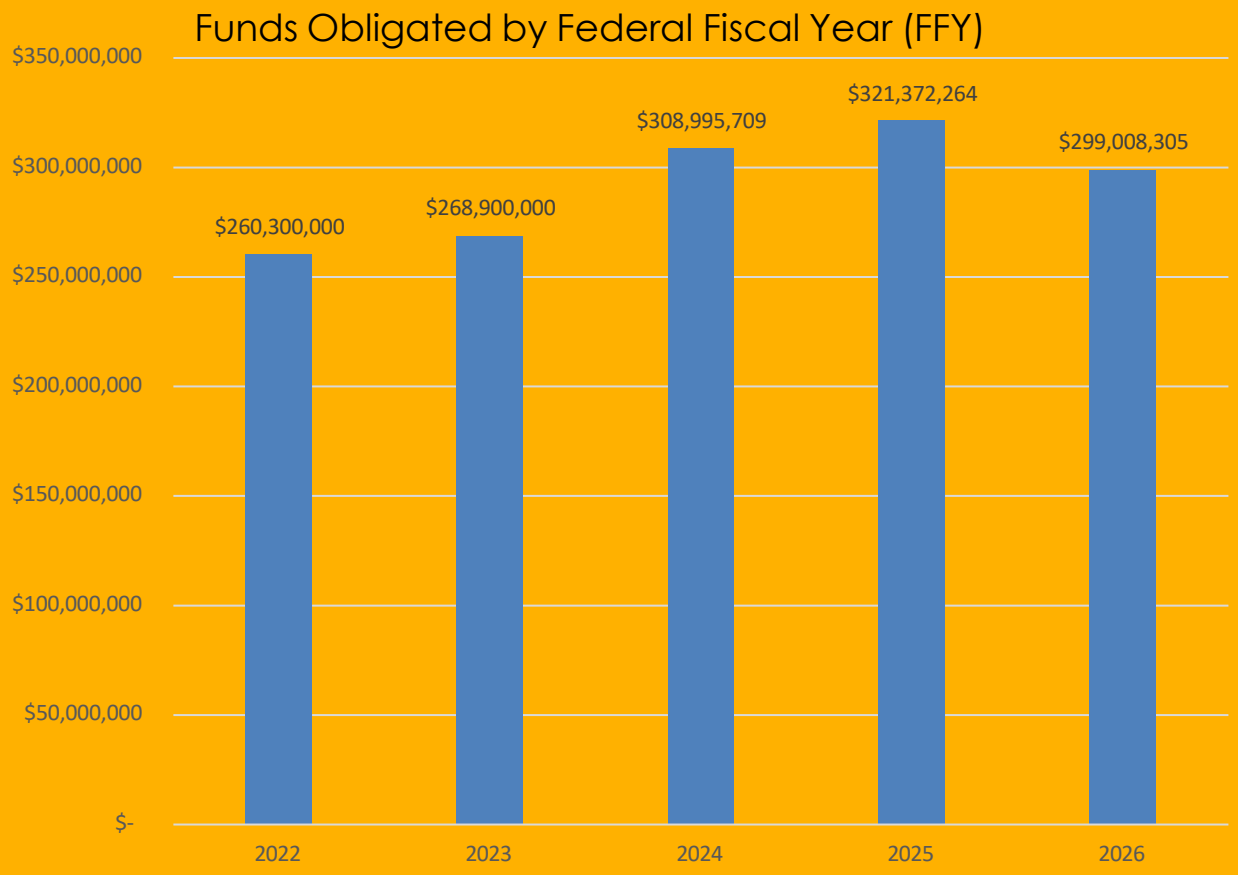
Obligations and Grants – Airports

Airport Grants:

$299 Million Secured in FFY26

FAA Airport Improvement Program (AIP) and BIL funds continue to increase, supporting safety, access, and economic opportunity statewide.

Our performance reflects excellent collaboration with FAA Alaska Division and project readiness across all regions.



FFY26 Project Delivery Program Review

Advance Construction

Advance Construction (AC): A Tool for Project Delivery

- Allows DOT&PF to begin projects under this authority and convert to federal funds later
- Ensures continuous project delivery even when federal obligation limits are reached
- EOFFY26 balance: $756.5 million, reflecting a strong project pipeline
- Balance managed carefully to align with federal reimbursements and construction schedules
