AGC of Alaska Job Center still needs your support!

A friendly reminder that we are still hosting the AGC Career Center on the AGC of Alaska website as a benefit to our members. This web-based career center connects construction industry jobseekers with those who have positions available. AGC's employment marketplace, like other JobTarget-powered job seekers with prospective employers in the career centers, distinguishes itself from generalist job boards in a number of ways. These include

- a highly targeted focus on employment opportunities in a certain sector, location, or demographic;
- *anonymous* resume posting and job application—enabling job candidates to stay connected to the employment market while maintaining full control over their confidential information;
- an advanced Job Alert system that notifies candidates of new opportunities matching their own pre-selected criteria;
- access to industry-specific jobs—and top-quality candidates—often not seen on Monster, CareerBuilder, or HotJobs.

When job seekers contact AGC to list their resumes, we ask them to visit the AGC Job Center first. To check it out, log onto the AGC website www.agcak.org and click the Job Center logo (see image below).

Once there, you can immediately post your resume or job openings. For additional information, please contact Kimberley Gray at Kimberley@agcak.org or 561-5354.
