

**ALASKA CERTIFIED EROSION AND SEDIMENT CONTROL LEAD  
(AK-CESCL) STORM WATER TRAINING PROGRAM**

The Associated General Contractors of Alaska, working with the USACE Alaska District, ADOT & PF, ADEC, ADNRR, ARRC, MOA, and other Alaskan construction industry representatives have developed a Certified Erosion and Sediment Control Lead (AK-CESCL) training program for Alaska.

The course is designed for commercial and residential builders, and explains the erosion process and how to obtain and comply with the EPA NPDES stormwater permit. The course also describes the key elements of a Stormwater Pollution Prevention Plan (SWPPP) and provides detailed instructions on how to maintain a SWPPP, select, install and maintain stormwater Best Management (BMP's). AGC's AK-CESCL certification class will give you the tools you need to comply with federal, state, and local stormwater requirements. Also, this AK-CESCL class meets requirements for recertification.

**Who should attend? Landscape Architects, Architects, Project Engineers, Owners, Estimators, or anyone responsible for putting together or maintaining a SWPPP.**

**The Course objective is for participants to gain a general understanding of:**

**Topics Covered will include:**

- |  |   |
|--|---|
| <ul style="list-style-type: none"> <li>• How to comply with EPA's General Construction Permit when writing and implementing a SWPPP;</li> <li>• A step by step method for SWPPP management and implementation;</li> <li>• Background for stormwater control;</li> <li>• Basic Mechanisms of erosion and sedimentation;</li> <li>• Regulatory requirements for stormwater management;</li> <li>• SWPPPs;</li> <li>• BMPs; and</li> <li>• Site Inspection and Monitoring;</li> </ul> | <ul style="list-style-type: none"> <li>• NPDES permitting, Rules, and Regulations;</li> <li>• Why erosion prevention relates to construction costs;</li> <li>• Site planning and design development;</li> <li>• Assessment Phase;</li> <li>• Control Selection/Plan Design;</li> <li>• Inspections and maintenance;</li> <li>• Certification of Notification;</li> <li>• Certification and Inspection;</li> <li>• Final Stabilization; and</li> <li>• Enforcement and potential Penalties.</li> </ul> |
|--|---|

- **Registration** (price includes lunch provided on the both days):
- **\$345** AGC Members, Home Builders Association Members and Government Employees.
- **\$445** Non-Members.
- Payment due at time of registration.
- After January 1, 2008, the USACE Alaska District and ADOT & PF are requiring Contractors on their construction projects to have a certified CESCL representative on site.
- **12 CEUs:** The course will earn **12** Continuing Education Credits for Residential Endorsement Holders. Participants are responsible for keeping their own records.
- **16 PDHs:** The course will earn **16** Professional Development Hours for Architects, Engineers and Landscape Architects. Participants are responsible for keeping their own records.
- AGC will offer classes in Anchorage/Fairbanks/SE Alaska on an "as needed basis".
- All classes will be from 8:00AM-5:00PM with a 1 hour lunch break.
- More information at [www.agcak.org](http://www.agcak.org) under "Training & Education".

**No shows are non-refundable. Refunds require 2 working days notice prior to course date.**
