

**ALASKA CERTIFIED EROSION AND SEDIMENT CONTROL LEAD
(AK-CESCL) STORM WATER TRAINING PROGRAM REGISTRATION FORM**

The Associated General Contractors of Alaska, working with the USACE Alaska District, ADOT & PF, ADEC, ADNDR, ARRC, MOA, and other Alaskan construction industry representatives have developed a Certified Erosion and Sediment Control Lead (AK-CESCL) training program for Alaska.

The course is designed for commercial and residential builders, and explains the erosion process and how to obtain and comply with the EPA NPDES stormwater permit. The course also describes the key elements of a Stormwater Pollution Prevention Plan (SWPPP) and provides detailed instructions on how to maintain a SWPPP, select, install and maintain stormwater Best Management (BMP's). AGC's AK-CESCL certification class will give you the tools you need to comply with federal, state, and local stormwater requirements. Also, this AK-CESCL class meets requirements for recertification.

Who should attend? Landscape Architects, Architects, Project Engineers, Owners, Estimators, or anyone responsible for putting together or maintaining a SWPPP.
