

Associated General Contractors of Alaska – Specialty Quarterly Volume Dues

The quarterly volume dues are separate from Annual Membership Dues. Quarterly volume dues apply to all General and Specialty members once they gross over \$1,000,000 in a given year, based only off of work performed in Alaska. Once that threshold is hit, the corresponding amount to the total gross as listed on the attached dues sheet is owed. However, you subtract the dues you already paid from the owed amount. We send out quarterly volume report sheets each quarter to each General and Specialty member, which are filled out and returned to us.

Example:

End of 1st Quarter: The \$1,000,000 gross volume amount is reached. According to the dues sheet the corresponding quarterly volume dues due is \$900. However, since the yearly dues amount of \$900 was previously paid, nothing would be owed.

End of 2nd Quarter: The total gross volume for the year now is \$2,400,000. According to the dues sheet the corresponding amount due is \$1,950. However, the previously paid \$900 is still subtracted, and therefore only \$1,050 is owed.

End of 3rd Quarter: The total gross volume for the year is now \$3,600,000. According to the dues sheet the corresponding amount due is \$2,850. Now, the \$1,950 that has been paid to-date is subtracted from this number, leaving only \$900 owed for this quarter.

End of 4th Quarter: The total gross volume for the year is now \$5,000,000. According to the dues sheet the corresponding amount due is \$3,900. Now, the \$2,850 that has been paid to-date is subtracted from this number, leaving only \$1,050 due for this quarter.
